MUs stands for Misunderstoods, anyway, they were trying to explain it and it was weird, they didn't make sense. I just went wholetrack meaning I remembered my past lives before earth or pre earth, that's what this church is about, past lives. Have fun on your recon my best

Kathy Gold @adventuresofkg · Sep 9

when I was reading Marty Rathbun's blog in 2009/2010 etc etc all the Scientologists coming out with their stories etc etc some where trying to explain implant stations and what implanters were and implants and I got casuse they did the OT levels inside this church but have MUs,

Kathy Gold @adventuresofkg · Sep 9

down the wholetrack there was two US Federation Implant Station Networks, one for the Military and one for civilians. If you go to the copyrights office to get copies of the OT levels, if it's not explained the difference between the two, I'm filling in your gaps here cause

Kathy Gold @adventuresofkg · Sep 9

For all law enforcement and military on my lines, here's a visual of an implant station, an analogy, I have no idea if there is visuals on the OT levels, what's

Kathy Gold @adventuresofkg · Sep 6

To all Military, don't wanna leave you out, you all already know this game, my foundations, military wholetrack. Feel free to pop their security implants, after all, they're nothing but housewives using their husbands for money and no sex.

Thanks Chrissie, I know you're stalking me and will just lie about it Federal Court, you know perjury is enforced in Federal Court, min 5 years, I think, anyway, thanks for all of your hard work of abusing me and harassing me cause I'm a Scientologist and you're a religious hater

3

Kathy Gold @adventuresofkg · Sep 4

So if you have racist or religious haters abusing/harrassing your children or friends, family etc etc, just have them do their due diligence and go to court to collect. In the end, all these people's assets can be confiscated to pay for my fees of evidence gathering etc etc

1

Kathy Gold @adventuresofkg · Sep 4

To all law enforcement on the line, this Chrissie psycho Scientology religious hater is so correct, I'm so money, the evidence I'm gathering is gonna cost \$300.00 an hour or whatever the going rate is, cause I gotta do everybody's job and I'm the victim/plantiff LMAO or cha ching

within the FBI will be replaced with real cops, they will run the cops across the nation from a management position and have high salaries

**Kathy Gold** @adventuresofkg · 18 Jan 2016

not treason against the USA. They won't be committing crimes anymore in the name of Justice, only criminals do this shit, these criminals

**Kathy Gold** @adventuresofkg · 18 Jan 2016

will be won and the final outcome will be that they will be defunded & a new agency in their place one that actually does good for the USA

**Kathy Gold** @adventuresofkg · 18 Jan 2016

they actually pay people money to do this. It's wrong, immoral and unethical and their ass will be kicked in court too by winning, the cases

**Kathy Gold** @adventuresofkg · 18 Jan 2016

created the cycle of abuse and broken homes, and to this day, they continue with these SOP in mosques, banging up the women with children,

**Kathy Gold** @adventuresofkg · 18 Jan 2016

broken homes and abuse by banging up the women with kids etc etc. This they got paid money to do, this, instead of going after criminals they

**Kathy Gold** @adventuresofkg · 18 Jan 2016

have services, they ran ops, undercover would infiltrate churches, temples etc etc and cause chaos and destruction, plus create the cycle of

Kathy Gold @adventuresofkg · 18 Jan 2016

churchs, temples, etc etc including my church Scientology, it's on the routing form, it asks if you work for the FBI if you do, you can't

Kathy Gold @adventuresofkg · 18 Jan 2016

huffingtonpost.com/2014/12/18/oba... The FBI as a group is in Treason to the USA, they

Kathy Gold @adventuresofkg · 18 Jan 2016

the piece of shit Nazi #FBI will be next, this agency will be defunded and a new agency will take it's place called the bureau of

find and secure some planets that can sustain life but clearing those out is gonna

be run. Bug nunts, I love bug nunts. It's a combination

Kathy Gold @adventuresofkg · 18 Jan 2016

prosper, it's really a win win game plus a whole lotta fun. It takes many years, centuries to set it up, it won't be overnight, we've got to

Kathy Gold @adventuresofkg · 18 Jan 2016

that society, put in real checks and balances so that the human race doesn't end, honest people have rights and everybody can flourish and

Kathy Gold @adventuresofkg · 18 Jan 2016

the US Federation and the US Federation Fleet, this is the game, best game in the entire universe, we get to set up the US Federation,

Kathy Gold @adventuresofkg · 18 Jan 2016

and so on and so on and so on. So they can do that for billions of years and they won't be missed nor needed. As for everybody going to

Kathy Gold @adventuresofkg · 18 Jan 2016

end up on, they can bypass eternal damnation on that planet and break the cycle of reincarnation and keep going to the next prison planet

Kathy Gold @adventuresofkg · 18 Jan 2016

same games over and over and over and over again for billions and billions of years, once that civilization ends on the prison planet they

Kathy Gold @adventuresofkg · 18 Jan 2016

can go to the next prison planet in the galaxy if they bypass eternal damnation and break the cycle of reincarnation and keep playing the

Kathy Gold @adventuresofkg · 18 Jan 2016

actually a trail to follow, it's kinda of cool actually. For non military personal and people that have no wholetrack in the military, they

Kathy Gold @adventuresofkg · 18 Jan 2016

the US Federation Fleet. For some it won't be that hard, they've done this before, when OT2 civilization ended, It won't be hard, there's

Kathy Gold @adventuresofkg · 18 Jan 2016

anyway for the good guys, the Jewish Federation is where everybody will go, and then thru the Jewish Federation, to the US Federation and

Kathy Gold @adventuresofkg · 18 Jan 2016

crimes against humanity like law enforcement, it's never gonna happen, nope, instead their souls will get entombed into this prison planet,

**Kathy Gold** @adventuresofkg · 18 Jan 2016

you die and cross the wall of fire, you'll have to get thru Nazi lines, if you're an abuser, that's never gonna happen LMAO if you have

**Kathy Gold** @adventuresofkg · 18 Jan 2016

didn't reincarnate back to this prison planet, they split and they left a trail to follow, I found out while crossing the wall of fire, when

**Kathy Gold** @adventuresofkg · 18 Jan 2016

will head out to the Jewish Federation, once they've crossed the wall of fire, all the children that died in the concentration camps in WW2

**Kathy Gold** @adventuresofkg · 18 Jan 2016

planet, it's really each person's choice, decision. For those don't want to reincarnate to this prison planet, they'll head out, their souls

**Kathy Gold** @adventuresofkg · 18 Jan 2016

planet by bypassing eternal damnation and breaking the cycle of reincarnation when they die, unless they want to come to a dying polluted

**Kathy Gold** @adventuresofkg · 18 Jan 2016

for all eternity. Now the USA military is another story, they have contributed to the human race, mankind, most of them will be leaving this

**Kathy Gold** @adventuresofkg · 18 Jan 2016

the human race ie mankind. What they have contributed to is the destruction of this society so once they are dead, into this rock they go

**Kathy Gold** @adventuresofkg · 18 Jan 2016

this, and probably overtime. He did nothing for free, his paycheck is considered personal gain. These people have no contributions towards

**Kathy Gold** @adventuresofkg · 18 Jan 2016society for no personal gain and that includes PR. They have gotten paid take this for an example myfoxboston.com/news/boston-po... he got paid for**Kathy Gold** @adventuresofkg · 18 Jan 2016

their prison sentences for billions and billions and billions of years for their crimes against humanity, they have contributed nothing to

**Kathy Gold** @adventuresofkg · 18 Jan 2016

steady paycheck. Here's the good news, once they are dead and they as in law enforcement, how ever they die, into this rock they go to begin

**Kathy Gold** @adventuresofkg · 18 Jan 2016

aggressive and violent, psych drugs, that's a side effect long term. so we can credit law enforcement for destroying this country for a

**Kathy Gold** @adventuresofkg · 18 Jan 2016

and that caused pharmaceutical pollution, everybody is now on psych drugs, it's in the water, so the general population will now become more

**Kathy Gold** @adventuresofkg · 18 Jan 2016

all the cops will bk this country cause they're aberrated on Power and Control. btw after the 5150 all those people got put on psych drugs

**Kathy Gold** @adventuresofkg · 18 Jan 2016

that's when shit will hit the fan, 150 million people can't support this country, not enough taxes paid even if you raise them, so really

**Kathy Gold** @adventuresofkg · 18 Jan 2016

left to pay taxes to support this country, another 50 million people and then you'll be left with 150 million to support this country and

**Kathy Gold** @adventuresofkg · 18 Jan 2016

300 million people roughly in the USA, 100 million can't get jobs not cause they're criminals but cause of 5150 bullshit so only 200 million

**Kathy Gold** @adventuresofkg · 18 Jan 2016

criminal to survive, law enforcement has been creating criminals long term and that's gonna come back and bite all in the ass, litterly,

**Kathy Gold** @adventuresofkg · 18 Jan 2016law enforcement has abused 5150 so much [en.wikipedia.org/wiki/5150_\(inv...](https://en.wikipedia.org/wiki/5150_(inv...)) by labeling people that those people can't get jobs, so they had to go**Kathy Gold** @adventuresofkg · 18 Jan 2016

The cult denying they are homophobic is laughable.

On every critics story they DENY DENY DENY.

They do not fool those who were in.

Many Gays paid over \$100,000 for confessionals to UN-GAY them. It never worked. I eyewitnessed their intense homophobia.

DEC. TECHNICAL SECRETARY, ADVISORY ON IT FURNISHING OR OTHER INFORMATION ON THESE MATTERS
to bring pressure or persuasion upon any Case Supervisor or auditor to process any
person who falls into one or more of the three categories of illegal pc as given above.

(Note: These points do not cover people who are only PFS or out-ethics as they
are NOT illegal pcs. For example, a pc who has a parent or spouse that hates God,
Scientology and everybody is a PFS pc. PFS or out-ethics can and should be han-
dled, where they are not being handled but are issued being rounded off org lines as
"illegal pcs" it is an indicator of out-ethics in the org. The classification of illegal pcs
had not in this issue are quite clear. If a person does not fall under any of these
categories, he is not an illegal pc and should not be labeled as such.)

Illegal pcs are those cases described in the three categories listed above. It is
not that such cases cannot in many instances be handled. It is that neither Sci-

tion and such conditions are outside the zone of responsibility of the org.

Signing up such pcs is already illegal, but where it has occurred intentionally
or accidentally, no one has the right to force such persons upon Case Supervisors
or auditors for any reason.

Any promise made by an org to such a person or his relatives is not binding
upon an organization or its staff and such promises are also a Comm Ev offense.

Special petition may be made by the person concerned to the Office of Sen-

erroneous use of this policy letter. But the Office of Senior C/S International
itself does not have the right to persuade or insist that Case Supervisors or audi-

1. Who is seriously ill, or, regardless of what the org. Registrar may have promised or asserted. Such diseases as advanced cancer are included.

2. Who has an extensive institutional or psychiatric history which includes heavy drugs, shocks of various kinds and/or so-called psychiatric brain operations.

By "institutional history" is meant having been knowingly or unknowingly given treatment as described in (2) above in a public or private institution for the insane, a psychiatric ward in a hospital, a psychiatrist's, psychologist's or other mental practitioner's clinic or office or a mental health center.

3. Who have been denied processing by HCO, the Office of Special Affairs or the Office of Senior CTS International for reason of past history or connections or current state so it may affect the safety and security of the org.

This third category would include people who are members or ex-members.

the person does not fall under any of the above three categories.

Doctors are too often careless and incompetent. Psychiatrists are simply outright murderers. The solution is not to pick up their pieces for them but to demand medical doctors become competent and to abolish psychiatry and psychiatrists as well as psychologists and other infernal Nazi criminal organizations. Society and police agencies should deal with such offenders. It is not up to Scientists to salvage the wreckage created by these professions but to prevent it from happening in the first place by reforming a degraded society.

Until such time as doctors have become fully competent and psychiatry and psychology have been recognized for what they are and abolished. Case Supervisors and auditors are accountable for surrendering their rights and handing such. It is not that they cannot. They must not.

You think Scientology will not come after you? Let me scare the hell out of you.

In its second 1993 submissions to the IRS, the Church of Scientology stated that, among other projects, the archival *Church of Spiritual Technology*, "also has firm plans to construct many large indestructible obelisks in different parts of the world with the express purpose of preserving for all future generations of man, the precepts from the book *The Way to Happiness* by L. Ron Hubbard."

CST also has firm plans to construct many large indestructible obelisks in different parts of the world with the express purpose of preserving for all future generations of man, the precepts from the book *The Way to Happiness*, by L. Ron Hubbard. These precepts will be translated into pictograph form, etched onto large stainless steel sheets and then be attached to the obelisks. Thus these vital precepts will survive far into the future in such a form that even a primitive culture will be able to decipher them and derive the basis for a sane cultural beginning.

These future projects are vast in scope with construction of the first 4 additional vaults and the first twelve obelisks estimated to cost between 55 and 60 million dollars.

The world has yet to see even one of the planned twelve indestructible Scientology obelisks.

What happened? There were firm plans in place.

As of 2012 CST had a book value of \$447,192,921 so it's not like there is no money for the obelisks.

The cult knows very well that I am represented by Counsel, Ray Jeffrey and appellate lawyer Leslie Hyman. They circumvented my lawyers and sent this Private Investigator to my home to harass me. Once it is known that someone is represented by counsel, it violates California Rule of Professional Responsibility which precludes direct or indirect contact with a represented party, absent consent of the party's counsel.

My counsel gave no such permission.
 I immediately went on the air summarizing Scientology in one paragraph and revealing OT 8 contents.
 I will punish such conduct from this Frankenstein cult that destroys families.

In its second 1993 submissions to the IRS, the Church of Scientology stated that, among other projects, the archival *Church of Spiritual Technology*, "also has firm plans to construct many large indestructible obelisks in different parts of the world with the express purpose of preserving for all future generations of man, the precepts from the book *The Way to Happiness*, by L. Ron Hubbard. These precepts will be translated into pictograph form, etched onto large stainless steel sheets and then be attached to the obelisks. Thus these vital precepts will survive far into the future in such a form that even a primitive culture will be able to decipher them and derive the basis for a sane cultural beginning."

CST also has firm plans to construct many large indestructible obelisks in different parts of the world with the express purpose of preserving for all future generations of man, the precepts from the book *The Way to Happiness*, by L. Ron Hubbard. These precepts will be translated into pictograph form, etched onto large stainless steel sheets and then be attached to the obelisks. Thus these vital precepts will survive far into the future in such a form that even a primitive culture will be able to decipher them and derive the basis for a sane cultural beginning.

These future projects are vast in scope with construction of the first 4 additional vaults and the first twelve obelisks estimated to cost between 55 and 60 million dollars.

The world has yet to see even one of the planned twelve indestructible Scientology obelisks.

What happened? There were firm plans in place.

As of 2012 CST had a book value of \$447,192,921 so it's not like there is no money for the obelisks.

While Michael Chan and Scientology are accusing Mike Rinder of using a Homophobic Slur (he didn't) here is what their Founder and Source wrote in Dianetics, what they call their Scripture and Book One:

binations of the classes and aspects of psychosoma
f and described here lead to some highly compl
t is a scientific fact that no psychosomatic ill exi
vation. And it is true that no aberration exists with
r actual psychosomatic ill. One of the psychosoma

inhibition or magnification, etc., are found, some in one pervert, some in another. And the sum of it is that the pervert is always a very ill person in one way or another, whether he is conscious of it or not. He is very far from culpable for his condition, but he is also so far from normal and so extremely dangerous to society that the tolerance of perversion is as thoroughly bad for society as punishment for it. Lacking proper means prior to this time, society has been caught between tolerance and punishment, and the problem of perversion has, of course, not been resolved. A bit off the subject here, but it can be remarked about perversion that the best previous explanation for it was something about girls becoming envious of Papa's penis or boys becoming upset about that terrible thing, the vulva, which Mama was incautious enough to show one day. It takes a great deal more than this utter tripe to make a pervert. It is, rather, something on the order of kicking a baby's head in, running over him with a steamroller, cutting him in half with a rusty knife, boiling him in Lysol and all the while with crazy people screaming the most horrifying and unprintable things at him. The human being is a very tough character. He is so confoundedly tough that he has whipped the whole animal kingdom and he can shake the stars. And when it comes to throwing his Second Dynamic out of balance, what that takes is straight out of Dante and Sax Rohmer combined. Hence the pervert, containing hundreds and hundreds of vicious engrams, has had little choice between being dead and being a pervert. But with an effective science to handle the problem, a society which would continue to endure perversion and all its sad

Scientology Rules and regulations on wearing insignia as portrayed by Tony Ortega's blog today.
Please read and understand the Scientology rules

Additionally, we also need to establish policy for the display of insignia as we move up the track. Otherwise there will be confusions, meanings will be lost, and campaign bars will be very unwieldy as the years roll up behind us.

Therefore, know and apply the following:

1. The Sea Org uniform issues to date apply to the planet Earth. Bars and awards were earned on this planet and will be worn only on this planet. When one returns to Earth, for whatever duration, one may wear the insignia of S.O. Earth, while on Earth, no matter how long ago earned. During such Earth duty, one would not wear the insignia of a different S.O. planet or area earned elsewhere. Similarly, one would not wear Earth insignia anywhere but Earth.
2. When a Sea Org member returns to Earth with a new body, he would wear his S.O. Earth insignia as per S.O. Uniform Series 10, CAMPAIGN BARS, with the following EXCEPTIONS:

We are all damaged.
We have all been hurt.

We have all had to learn painful lessons. We are all recovering from some mistake, loss, betrayal, abuse, injustice or misfortune. All of life is a process of recovery that never ends. We each must find ways to accept and move through the pain and to pick ourselves back up. For each pang of grief, depression, doubt or despair there is an inverse toward renewal coming to you in time. Each tragedy is an announcement that some good will indeed come in time.
Be patient with yourself.

@Bouromeo is this how you got roped in to scientology?

Recruit low-income Scientologists in countries like Russia, Mexico & Venezuela. Tell them if they will agree to work for the Scientology in the U.S, the church will arrange for them to get an R1 Religious Visa & airfare to the U.S. Once the recruit arrives to the U.S., the church confiscates their visa "for safe keeping", leaving the recruit unable to leave without the church's permission. The church denies requests to return home to renew the visa citing current projects are too urgent to put on hold. The church does this because they believe if the person returns home they will not come back. Once the person has overstayed their visa, they have a new problem. Now if they leave the country, the U.S. won't allow them to re-

problem. Now, if they leave the country, the U.S. won't allow them to re-enter for about 10 years because they violated the terms of their 1st visa. The church uses this fact to deny all future requests to visit their family. This is how foreigners become trapped at Scientology facilities in the U.S., working 100+ hrs/wk, without access to their visas and unable to leave when they want to. Further, they are paid less than \$50/wk so can't afford their own airfare home. They often have no bank account or driver's license.

So if you have racist or religious haters abusing/harrassing your children or friends, family etc etc, just have them do their due diligence and go to court to collect. In the end, all these people's assets can be confiscated to pay for my fees of evidence gathering etc etc

License Art @LicenseArt · 18 Apr 2012
so realistically i have no idea how anybody makes any money in the real estate industry, btw i checked out the stats, theres maybe a few

License Art @LicenseArt · 18 Apr 2012

free, 30k maybe if the home sells, cause they'll get paid after escrow closes, that's alot of people you have to meet, set up deals etc lol

License Art @LicenseArt · 18 Apr 2012

cases if the home is dump, well the banks will want you to fork out the money to remodel, do you know any contractors that will do work for

License Art @LicenseArt · 18 Apr 2012

if you don't you have to look for buyers. now if you want to work with the banks, foreclosures, that takes about 1 year to get and in some

License Art @LicenseArt · 18 Apr 2012

their property, other sales jobs, you have a product or service to sell already. that's difference. if you have listings then you can sell

License Art @LicenseArt · 18 Apr 2012

after years of this you might get a couple lol so yeah that's boring. Listings just mean, you have the permission of the owner to sell

License Art @LicenseArt · 18 Apr 2012

buyers lol to get listings, you can't cold call, new laws, Do Not Call List lol send out flyers by mail, over and over again, called farming

License Art @LicenseArt · 18 Apr 2012

now how do you make any money in real estate, well you can invest in a database, pay a monthly fee for leads lol you know to work with

License Art @LicenseArt · 18 Apr 2012

love to whine, let them be victims in real life lol psychos need to eat too, they're coming out to play lol and they are hungry lol

License Art @LicenseArt · 18 Apr 2012

exactly, blow them off lol they're not worth your time and money, your time is worth money, they're bad clients, victims lol so since they

License Art @LicenseArt · 18 Apr 2012

License Art @LicenseArt · 18 Apr 2012

kept parking there, she came by, gave him a ticket lol then he'd bitch about what a victim he was of the police lol ok, these are the types

License Art @LicenseArt · 18 Apr 2012

btw those same people, the guy was told not to park on the sidewalk, numerous times by the meter maid girl, instead of listening, he just

License Art @LicenseArt · 17 Apr 2012

don't these real estate really shows, that's it, not the real fuckin' world, it's come for ratings, entertainment, not education otherwise,

License Art @LicenseArt · 17 Apr 2012

people who are ethical, honest, real not controllly, liars. people who honor their agreements, keep their word, i have yet to meet any lol

License Art @LicenseArt · 17 Apr 2012

i don't belong here, people love to be lied to, they don't want to confront the truth, they eat it up, they live, breath it, i belong with

License Art @LicenseArt · 17 Apr 2012

don't i gues that's the difference between me and other agents, they're successful for being manipulative & i'm a failure cause i'm not lol

License Art @LicenseArt · 17 Apr 2012

that way, sorry, not gonna change. so i guess i'm a failed real estate agent here, oh well, at least i've got my fuckin soul whereas others

License Art @LicenseArt · 17 Apr 2012

your money, you're easier to control, then you bought something you didn't like, and you zip it lol close that escrow lol i don't operate

License Art @LicenseArt · 17 Apr 2012

if you don't perform within a certain time frame, you will lose your down payment lol they figure you're on the hook emotionally, tied to

License Art @LicenseArt · 17 Apr 2012

off, the way they train you is, just get them into escrow, see that way the buyer is on the hook for his down payment, you do realize that

License Art @LicenseArt · 17 Apr 2012

about the buyer or seller. The amount of out ethics in this business alone will kill you, to make any money, i think you have to rip people

License Art @LicenseArt · 17 Apr 2012

no team with these people, you go to a board meeting, these people are not at home, it's just money, money, money, they really don't care

License Art @LicenseArt · 17 Apr 2012

these people don't give a fuck about anyone other than their commission, they will throw you under a bus in a heart beat for money, there is

License Art @LicenseArt · 17 Apr 2012

btw i've never met the rudest, meanest people in my life than in the real estate business, and that would include other real estate agents,

License Art @LicenseArt · 17 Apr 2012

fuck off, go waste someone else's time and dime assholes

License Art @LicenseArt · 17 Apr 2012

license for a real estate deal. not interested lol drama rama. so any real buyers or sellers out there, contact me, let's do biz, otherwise

License Art @LicenseArt · 17 Apr 2012

have to find your own banker. i just do the transaction, get escrow closed, honestly, ethically, after all i'm licensed, not gonna lose my

License Art @LicenseArt · 17 Apr 2012

forge documents shit like that, pay off the appraiser you know so your shit comes out good, hell i don't even refer people to lenders, you

License Art @LicenseArt · 17 Apr 2012

which is really important, unless of course you want to be lied to, then find another real estate agent lol i'm not your girl lol won't

License Art @LicenseArt · 17 Apr 2012

\$150k if not less. i'm 45 now. this should be good, anyhow, i'll tell you to your face, whether you are a buyer or seller, what the deal is,

License Art @LicenseArt · 17 Apr 2012

time to buy if you have the money lol i can't wait, i'm thinking by the time i'm 47, i'll have my first home, townhome for probably around

License Art @LicenseArt · 17 Apr 2012

do next year if property values drop? less equity? the market isn't gonna go up anytime soon. the comps are comps, it is what it is, good

License Art @LicenseArt · 17 Apr 2012

ethics loans, nobody put a gun to your head, you knew, you were betting on the real estate market going up, oh no, now what, what will you

License Art @LicenseArt · 17 Apr 2012

trustees sale lol foreclosure lol you can file bk, banks are ahead of you, you either make that payment or sell, when you got those out

License Art @LicenseArt · 17 Apr 2012

it all, my first career was in hard money loans, equity lol i already know how this games goes lol no equity, no loans for you, nod, then

License Art @LicenseArt · 17 Apr 2012

License Art @LicenseArt · 17 Apr 2012

a dozen, fuck you lol we're not assholes. when your shit is upside down, don't blame me cause you didn't move, go to an expert, who knows

License Art @LicenseArt · 17 Apr 2012

you know california is very litigious when it comes to real estate lol these fuckin owners are out of their minds lol you think we're a dime

License Art @LicenseArt · 17 Apr 2012

face, hey your gonna get fucked lol why lie lol clients will either accept me for who i am or not, i'm not interested in a lawsuit lol did

License Art @LicenseArt · 17 Apr 2012

their mortgages, their kids shit etc etc, big fuckin deal lol. i guess i'm not your average real estate agent lol nope i'll tell you to your

License Art @LicenseArt · 17 Apr 2012

to come up the conditions on. you have to do everything yourself, the brokers don't really help you, they are using you for what else to pay

License Art @LicenseArt · 17 Apr 2012

so in what 3 or 4 years, she's made less than \$40k a year with buyers lol did you know that the real estate industry is one of the hardest

License Art @LicenseArt · 17 Apr 2012

didn't care. i checked her real estate stats, no listings lol i helped her get her license too, she was too stupid to figure it the fuck out

License Art @LicenseArt · 17 Apr 2012

she ever did was fuck me over, it took me 13 years to move on emotionally what happened in 1998, she knew i was in pain and confusion, she

License Art @LicenseArt · 17 Apr 2012

graduating high school, i was working in school, and paying my own rent, see she moved with her new husband and i had no where to live, all

License Art @LicenseArt · 17 Apr 2012

yeah this is the kind of mother i got, a 1.1. liar who threw her only child under a bus for money, no ethics, no morals lol now btw as i was

License Art @LicenseArt · 17 Apr 2012

high school, she said, go into real estate, you'll make money lol if that's not the biggest bullshit i've ever heard, i don't know what is,

License Art @LicenseArt · 17 Apr 2012

never wanted to be a real estate star lol that's her passion, not mine. the only

advice this woman ever gave me was when i was graduating

License Art @LicenseArt · 17 Apr 2012

yours, move on from your crimes in present time lol just work, btw everybody she's a real estate agent too, this was never my calling, i

License Art @LicenseArt · 17 Apr 2012

btw mom, how about you move on, from betraying my dad, who loved you, you came to this country on his name, his family comm lines, not

License Art @LicenseArt · 17 Apr 2012

assuming that we women real estate agents are manipulative or 1.1. we're not, not our problem, you're weak men, can't handle communication

License Art @LicenseArt · 17 Apr 2012

they get screwed lol btw not all of us real estate agents are manipulative lol some of us are direct, overt, honest lol i get tired of men

License Art @LicenseArt · 17 Apr 2012

means they want to do it all, sell it themselves, the escrow everything lol go ahead lol not my fuckin house lol i could give a rats ass if

License Art @LicenseArt · 17 Apr 2012

i get really tired of people assuming, after awhile it's quite boring, yawn lol people have weird viewpoints about money, fsbo lol that

License Art @LicenseArt · 17 Apr 2012

people assume real estate agents make bank lol most agents make \$50k or less a year lol does anybody see any real estate moguls anywhere lol

License Art @LicenseArt · 17 Apr 2012

soul will get fused to this rock for 1 billion years lol both you and your nazi husband lol no next life, for either of you, so live it up

License Art @LicenseArt · 17 Apr 2012

my lovely parents lol who never gave a fuck about me, my survival or my future lol but here's the good news mom, bio, lol when you die, your

License Art @LicenseArt · 17 Apr 2012

to go to court in the lisa mcpherson criminal and civil trials and of course, mine, so that would be 4 trials, osa, miscavige and of course,

License Art @LicenseArt · 17 Apr 2012

under a bus for money back in 1998 lol i almost died lol her and my step father, each took \$50k payoffs from the church of scientology not

-  **License Art** @LicenseArt · 17 Apr 2012
btw mom, doesn't this feel great, while you work all your life to pay off a mortgage that you went out ethics on, not to mention throwing me
-  **License Art** @LicenseArt · 17 Apr 2012
a real estate agent who has to do all the work, wouldn't you want to keep all the commission? after all it is all your hard work, not theirs
-  **License Art** @LicenseArt · 17 Apr 2012
more, than the agent gets more like me for example, I get 100% with the broker I am at, REeBroker.com, minus fees of course lol so as
-  **License Art** @LicenseArt · 17 Apr 2012
brokerages have to split their commissions anywhere from 50-70% so the listing agent or buyers agent will get \$6750 on a 50/50 split if it's
-  **License Art** @LicenseArt · 17 Apr 2012
that is \$27k, ok, now usually half of that goes to the buyers agent lol that's \$13.5k now most of the agents that work for big real estate
-  **License Art** @LicenseArt · 17 Apr 2012
so let's talk about the real estate agent's commission lol ok, the seller pays the commission usually 6-5% of the price, so a \$450k home
-  **License Art** @LicenseArt · 17 Apr 2012
btw, I took a journey, years ago lol I reached out to all three, mysp.ac/ehkqNC feel free to view, even the ACLU, I got blown off lol
-  **License Art** @LicenseArt · 17 Apr 2012
I'm sure they will help them walk the walk, & even go to the Department of Justice if they are getting the run around, maybe the White House
-  **License Art** @LicenseArt · 17 Apr 2012
there to protect and serve. They should call on some civil rights workers, like Al Sharpton, Jesse Jackson and of course Louis Farrakhan
-  **License Art** @LicenseArt · 17 Apr 2012
why don't they go to court to put the officers that killed their kid in jail, like everybody else, they are not above the law, they are
-  **License Art** @LicenseArt · 17 Apr 2012
sometimes, what doesn't kill you, makes you stronger. in a blink of an eye, an instant, your whole life can change bit.ly/147aut

**License Art** @LicenseArt · 17 Apr 2012

their faith will bring them closer together as a family while helping other families like them. they will never be the same again, but

**License Art** @LicenseArt · 17 Apr 2012

journey as american's will be a long road for this family, they will have new problems to solve, how to pay for attorneys etc etc maybe

**License Art** @LicenseArt · 17 Apr 2012

time, ok, some criminality there, if this family is out to sue for money for the death of their son. That's wrong on so many levels, so this

**License Art** @LicenseArt · 17 Apr 2012

so why are they suing for money, not justice like the Martin's for Trayvon? no money in it lol no payout, a return on investment? they're

**License Art** @LicenseArt · 17 Apr 2012

evil doesn't give you the benefit of the doubt, they attack for any little reason, whereas good, gives people the benefit of the doubt lol

**License Art** @LicenseArt · 17 Apr 2012

see that, that was me taking responsibility for my comm lol any normal person can understand what i'm saying unless of course you're evil

**License Art** @LicenseArt · 17 Apr 2012

have time to slow down, i'm busy, working, lol like everybody else. real estate agents work on commission not salary, big difference lol

**License Art** @LicenseArt · 17 Apr 2012

btw, those are typos if you can't figure that out lol i'm not perfect, i make mistakes lol i'm not rich or independently wealthy lol i don't

**License Art** @LicenseArt · 17 Apr 2012

that would be the right thing to do, and it will help with their pain, their loss, the greiving process, court is a very long process, years

**License Art** @LicenseArt · 17 Apr 2012

Instead of suing for justice, how about they put a non profit org there to help others, other victims like their son that wasn't killed,

**License Art** @LicenseArt · 17 Apr 2012

Money isn't justice lol they know that, they don't care, they want to cash out on the taxpayer's dime, the taxpayers of Los Angeles

**License Art** @LicenseArt · 17 Apr 2012bit.ly/HTRF76 they want \$120 mil for their amends, I don't think so, you're not

gonna bankrupt the valley or LA so you can be rich

License Art @LicenseArt · 17 Apr 2012

bit.ly/HQqfB9 doesn't bring the kid back from the dead, wow, 200 years, big fuckin deal, that little kid could have made a difference

License Art @LicenseArt · 16 Apr 2012

promote the property incorrectly, so being in communication is very important. Real Estate can be fun, not stressful, contact me :)

feedback of the people that saw your home. Feedback is key too, that helps with marketing and promotion, cause sometime people market and

always wanted to do and/or travel. it's now your time to shine so list your house with me and let's get it done. i know it's not easy

**License Art** @LicenseArt · 2 Nov 2011

it's the next stage of your life, that ugly word, retirement lol thing of it as a long vacay, you can now relax, do all those hobbies you

**License Art** @LicenseArt · 2 Nov 2011

with your first child or when your son/daughter took their first steps to the bathroom, for potty training lol now they are in college and

**License Art** @LicenseArt · 2 Nov 2011

home and it's time to let go lol. it's not easy to let go of memories, of your kids growing up, your wife cooking in the kitchen pregnant

**License Art** @LicenseArt · 2 Nov 2011

so sellers, I'm here to help you sell your home instead of sitting on the market collecting dust lol. i know you moved, purchased another

**License Art** @LicenseArt · 2 Nov 2011

be happy after all you & your family will be living there lol. there's lot's of opportunities out there, & i can guide you thru your journey

**License Art** @LicenseArt · 2 Nov 2011

you to review, and yeah, you will probably get overwhelmed with it, feel that spin, that's normal, you have to decide what you need, want to

**License Art** @LicenseArt · 2 Nov 2011

contact me, i'll put you on my platform so you get properties emailed to you when they hit the market, there will be alot of properties for

**License Art** @LicenseArt · 2 Nov 2011

i'm not here to push you into a home or property you don't want to purchase, i'm here to help you get that purchase done, escrow closed

**License Art** @LicenseArt · 2 Nov 2011

so first rule of thumb, take your real estate agent with you if you want someone to represent your interest in your real estate transaction

**License Art** @LicenseArt · 2 Nov 2011

the game that way lol why so they can pay less commission and nobody to represent your interest, don't blame me, blame them lol

**License Art** @LicenseArt · 2 Nov 2011

though you didn't know lol so i'm just informing you of one of the rules of the game. cause they won't until after the fact lol they set up

**License Art** @LicenseArt · 2 Nov 2011

you, why? cause you went the first time without one, seller's rules not ours, they won't pay the buyers agent, you broke their rule even

**License Art** @LicenseArt · 2 Nov 2011

estate agent, the first time and then decide you want a real estate agent to do your transaction later, good luck no agent will represent

**License Art** @LicenseArt · 2 Nov 2011

home, take me with you. so that i can point stuff out that the seller won't lol i'm on your side, if you go to a new home without a real

**License Art** @LicenseArt · 2 Nov 2011

the sellers. so there is no reason why not to use a real estate agent for your transaction, when purchasing your home. even a brand new

**License Art** @LicenseArt · 2 Nov 2011

to help you actually purchase the property you want, so that you can live there. as the buyers agent, i represent your interest not the

**License Art** @LicenseArt · 2 Nov 2011

education here, the seller pays my commission. i'm not on salary, i don't punch a clock, i work 24/7 and no paid vacay either lol i'm here

License Art @LicenseArt · 2 Nov 2011

as easy as possible. it doesn't have to be difficult, it can be easy, that's why you work with a good agent, like me lol so a little

License Art @LicenseArt · 2 Nov 2011

not all escrows close. there are many obstacles to overcome and that is where i come in, to help you with your transaction, let's make it

License Art @LicenseArt · 2 Nov 2011

a different story to tell with different sellers. there is no cookie cutter. and you don't find out the real story until you get into escrow

License Art @LicenseArt · 2 Nov 2011

if you want a great deal. if you don't mind buying a dump well then play that game lol remember no two properties are the same, each have

License Art @LicenseArt · 2 Nov 2011

think again, won't fly with the seller. most likely your offer will get rejected. you have to show that you will be a serious buyer. that's

License Art @LicenseArt · 2 Nov 2011

to show proof of funds. same goes with the down payment, thinking you will transfer the money into your account when you find that property

License Art @LicenseArt · 2 Nov 2011

the decision what shall i get? first question to ask, how will you pay for it? mortgage or cash? if cash, please have money in your account

License Art @LicenseArt · 2 Nov 2011

serious buyers feel free to contact me, i'm here to help you find a home that fits your lifestyle, many factors to consider when making

appraisals etc. if you are a serious buyer, good deals can be found but you can also lose your shirt so as a rule of thumb take your real

also lose your shirt, so as a rule of thumb take your real

lawsuits for her reputation of having anal sex regularly LMAO. I guess her bozo husband Cedric will have to take care of her children after she goes to prison for

hate crimes, oh know I talked about her children in this tweet, she's threatened me numerous times, if I mentioned

while these dochebags ie #ChrissieCarnellBixler and her accomplices try to figure me out LMAO all their hate is pumping me up, now I can't wait to put #ChrissieCarnellBixler and her accomplices in prison and destroy their lives, whether they stay in Federal Prison or get picked

#CIA #HomelandSecurity check it out, this #kirkan00 is blown LMAO this one #PinkiePiePony19, man she's bagged & tagged LMAO it must be tough being a princess LMAO 2 words #CIA Behavior Modification, so much fun we're gonna have youtu.be/TLfZR--jESs

Kathy Gold @mskathygold · Sep 22
that will be contracted out to help victims, not every victim can type up their own lawsuits etc etc, you can't cookie cut cases, you need real professionals to help. There will be more depts too, this is just a rough draft.

Kathy Gold @mskathygold · Sep 22
be one department and they will work directly with the FBI, nothing less then 5 mil each , behavior modification will be another department and that will work with the CIA, another department will overlap and work with the non profit/for profit, cause I'll have in house attorneys

Kathy Gold @mskathygold · Sep 22
you can be CEO, I got your intent in the theta universe. I'll be working with all the investors on expansion while the CEO will be doing the daily hands on shit. But that's for the non profit/for profit, and then there's the Anti Corruption and Abuse Inc, fugitive retrieval will

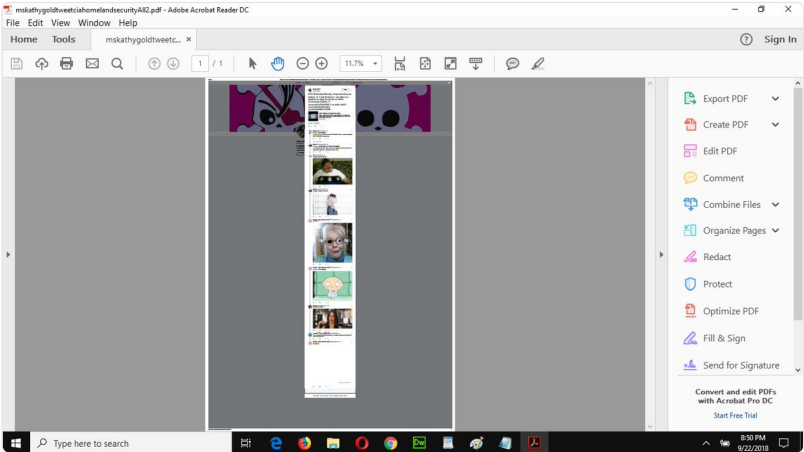

Kathy Gold @mskathygold · Sep 22
As you all can see, so much money to be made off Hate while helping victims get real Justice or cha ching, btw Jack, I have to sue all the Bar Associations in each state to make this happen, I've already done my homework, talk to Mary she just left for new biz, I'm gonna be COB,

Kathy Gold @mskathygold · Sep 22
I know what it is FBI, I'm big geek, when I talk about databases, correlation, cross referencing etc etc you get a tingling feeling inside, I get it. LMAO remember, forever means forever LMAO youtu.be/gtLy7ja0j7w

Kathy Gold @mskathygold · Sep 22

youtu.be/y_JGI0JhCkQ but the question

Kathy Gold @mskathygold · Sep 22

else that's impersonating her and her husband so many scenerios. Otherwise by the time I get to Fed Court, she and her accomplices will be going to federal prison and they won't last very long, my guess 2 weeks, the inmates will kill them all cause they're all on psych drugs too

6 1 1

Kathy Gold @mskathygold · Sep 22

to all law enforcement on the line, you have probable cause to go to Fed Court and get warrants/subpoenas etc etc to open Jack's box fedcourt.info/hate-crimes-co... use it to help other victims of this Chrissie Carnell Bixler and accomplices if it's really her doing it and not somebody

2 1 1

Kathy Gold @mskathygold · Sep 21

trace down all the assets for confiscation? even her attorneys if she has any? their law firm/firms homes offshore bank accounts etc etc the whole shebang

and if that doesn't pan out, the next will be blackmail of celebrities, again, take advantage of them while they are vulnerable in their homes ie drunk/high/both etc etc and the 3rd, her worst case scenerio is go on the road with her husband and deal drugs like other rockstars,

**Kathy Gold** @mskathygold · Sep 19

just wanted to sincerely help her. And she'll get away with it cause everybody embraced Nazi Psychiatry, like I said, I already went A-Z. The final outcome. youtu.be/Vyf69qOJdu4

**Kathy Gold** @mskathygold · Sep 19

**Kathy Gold** @mskathygold · Sep 18

Homeland Security, you can get that on the back end and don't forget their IPs, both comp and phone. You know I got the last Homeland Security Chief's computations, he was hoping I'd get him funding thru congress, their funding was cut off, so for a long time

**Kathy Gold** @mskathygold · Sep 18

Now Chrissie Carnell Bixler and her accomplices are stalking me online, I wonder how many counts it will be? Each count on a misdemeanor is \$1k but since these are hate crimes, hate crimes are felonies. Still documenting their abuse internally and externally.
